

# Interactive Insights™ – Relationships Version

***An Internet-based assessment leading to enhanced RELATIONSHIPS.***

## THE IMPORTANCE OF SELF KNOWLEDGE

The first and most important step in developing effective relationships is to know oneself. For example, when you gain an overall understanding of your natural behavior, you will learn how it influences your relationships with others. The next step is relating the information you have discovered to others so those who are important to you can understand you better. How well you accomplish these two steps directly relates to the success of your relationships. The *Interactive Insights - Relationships Version* is an Internet-based assessment that makes it easy for you to discover your unique strengths and make a plan to use them in creating great relationships with others. This can lead to a renewed sense of personal satisfaction in sharing and enjoying your life.

## OVERVIEW

The *Interactive Insights - Relationships Version* guides you through the online completion of a proven behavioral assessment and personalized self-development plan. Since it is based on the Internet, it is ultimately flexible and can be completed in the privacy of your own home or anywhere you wish. The entire assessment and self-development plan is finished in less than an hour and updated by you as the year progresses. It is possible, but not necessary, that you

share the results with a personal coach to help you achieve the results you want in your relationships.

## EASY 3-STEP PROCESS

The first step is the completion of a behavioral assessment, which is finished in only 10 minutes.

The second step presents you with the results of the completed assessment, from which you select the most accurate descriptions of yourself and your strengths.

In the third and final step, you are guided through a series of questions to help you establish a plan for maximizing your relationship strengths.

After finishing the process, you receive detailed and personalized information by email: the *Interactive Insights - Relationships Version* report and your *Blueprint For Success™* (see below).
